Nut your average green

We couldn't help ourselves with the word pun now we are launching this amazing new colour called Pistachio. What's not to love about it? It adds colour, but not too much, it is soft but not wimpy. CERTIFICATIONS THAT DRIVE SALES

The products in our collection carry a variety of environmental and quality certifications. Here you can find out what they mean.

We now offer napkins with the OK compost HOME label. You can compost these at home. For instance, by putting them on the compost heap in your garden. This is because they compost at lower temperatures than used for industrial composting.

The Forest Stewardship Council® (FSC®) certification ensures the product is made of wood from forests managed in an environmentally appropriate, socially beneficial and economically viable manner.

The Nordic Swan Ecolabel identifies the best products on the market from an environmental point of view. For instance, it confirms our stearin candles consist of at least 90% renewable materials and minimise soot emissions.

The RAL Quality Mark is awarded by the European Quality Association for Candles. It guarantees the candle burns cleanly, contains no hazardous materials, retains its shape and is safe and reliable.

A hand with pink nail polish, wearing a blue knitted sweater, is squeezing a lemon over a white plate of food. The food includes a piece of salmon, a whole lemon, and some green vegetables. A stream of lemon juice is falling from the lemon onto the salmon. The background is a soft, out-of-focus pink wall with a wooden chair back visible.
